

Aditya Singh

Full-Stack Web Developer

adityasingh.as0608@gmail.com | +91 99103 05506 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

TECHNICAL SKILLS

Languages: JavaScript (Proficient), Python, HTML & CSS (Proficient), MongoDB

Frameworks: Node.js, Express.js, Tailwind CSS

AI & Data: Agentic AI concepts, AI assistance tools (ChatGPT, Claude, GitHub Copilot), Machine Learning / AI fundamentals, Data Handling & Analysis, Exposure to ML libraries for data processing & model building

Tools: Git & GitHub, Postman, Figma, VS Code

Competencies: REST API Design, Responsive UI, Strong Analytical & Problem-Solving Skills, Curiosity to Learn Emerging Technologies, Team Collaboration, Independent Delivery

PROJECTS

TraceX – Cyber Intelligence Fusion Platform *React · Node.js · Express.js · PostgreSQL · AI Copilot* [Live Site](#)

- Architected an intelligence fusion platform fusing multi-source raw signals (IP traffic, darknet intercepts, crypto ledgers) into unified dossiers.
- Engineered dual-engine AI Copilot, interactive force-directed graph link analysis, and geospatial threat telemetry with chain-of-custody verification.

Grace Era *HTML · CSS · JavaScript* [Live Site](#)

- Built a complete e-commerce SPA for Western women's fashion — product catalogue, dynamic cart, and end-to-end checkout flow.
- Admin dashboard with real-time inventory and order management (full CRUD); user auth, order history, and category filters.
- Fully responsive across all screen sizes.

Nexora AI – All-in-One AI Study Assistant *HTML · CSS · JavaScript · AI APIs* [Live Site](#)

- Delivered 8+ AI-powered features: doubt solving, notes generation, code helper, mock test generator, image question solver, study planner.
- Built an AI Resume Builder and Career Guide Chatbot; analytics dashboard with study heatmaps and weekly activity tracking.
- Implemented free-plan tiering with user authentication.

Sahayta Platform *Real-time Disaster Assistance Web Application*

- Designed and developed a real-time disaster assistance web app; recognised for innovation and technical execution at a national hackathon.

ACHIEVEMENTS & RECOGNITION

National Hackathon Finalist

- Recognised across multiple national-level competitions in frontend development, backend engineering, and problem-solving.

National Recognition – Sahayta Platform

- Sahayta platform singled out for innovation and technical execution, receiving formal recognition from judges and organizers.

EDUCATION

B.Sc. (Hons) in Computer Applications (BCSA)

2024 – 2028

Delhi Skill & Entrepreneurship University (DSEU), Delhi | **CGPA: 8.85**

Relevant Coursework: OOP, Data Structures, API Design, Full-Stack Web Development

Class XII – Senior Secondary

2023 – 2024

Government Co-Ed Vidyalaya, Kalkaji, Delhi

Class X – Secondary

2021 – 2022

St. Mary's Public School, Delhi
